🏠 2215 College Avenue Apt 325 Manhattan, KS 66502

## PROJECTS

---

### KSU Game Development Club Website

- Web app built with an Angular front-end, ASP.NET Core back-end, and MySQL database
- Allows KSU members to sign in via KSU Central Authentication Service (CAS) as users
- Allows users to post info about their projects (games) and assign contributors

### Teaching Assistant Secretary (TAS)

- Web app built with an Angular front-end, Express back-end, and MS SQL Server database
- Allows teaching assistants to better track hours with "clock-in/out" feature
- Allows students to favorite/monitor courses and enter queue for help

## EXPERIENCE

---

### Software Engineering Intern

June 2018 - Aug 2018

Blue Cross and Blue Shield, Kansas City, KS

- Coded a new member portal with Angular and ASP.NET Core
- Tested a new member portal with Protractor end-to-end testing

### Undergraduate Teaching Assistant: CIS 300 - Data Structures

Aug 2017 - Dec 2018

Kansas State University, Manhattan, KS

- Instructed students on course material and concepts
- Acted as a proctor for exams

### Customer Service Manager

June 2013 - Jan 2016

Woods Supermarket #2640, Fort Scott, KS

- Maintained workflow of storefront clerks
- Processed and documented sales and costs of various store accounts
- Assessed front-end workers on various tasks
- Coached and trained incoming employees
